

TELEPHONES SOLD IN THE SOUTHEAST BY HOWENSTEIN CO.

Funds for Y. W. C. A. Home
Will Be Sought in
Campaign.

The H. R. Howenstein Company today sold the ten houses, 1230 to 1238 G street southeast, for \$25,000. The company has just completed the construction of the houses, which are two-story, six-room, colonial dwellings, facing Pennsylvania avenue southeast. The purchasers are Karl Otto, Theodore Himmelberg, James Himel, Mrs. Lillian V. Rowzee, John E. Morgan, Herman H. Breckamp, and Edward F. Queen.

As outlined to the Chamber of Commerce and Board of Trade several months ago by officers of the Young Women's Christian Association, the organization will follow its purchases of a building at the southeast corner of Thirteenth and I streets northwest, by a campaign for fund for a suitable home for the institution. The association has acquired a frontage of 100 feet on I street, and 115 feet on Thirteenth street, its quarters at the present time are on the upper floors of the building at the southeast corner of Twelfth and F streets northwest.

The Sisters in charge of Immaculate Seminary on Wisconsin avenue, Tenleytown, are planning to make an extensive addition to the seminary building. The enlarged building will have a frontage on the east of 250 feet and on the north of 200 feet, with a new entrance on Nebraska avenue.

Buyers Residence.
Mrs. Nellie T. Busby has purchased from Middaugh & Shannon the two-story dwelling at 319 K street northeast for an investment. The price paid was \$2,750. The sale was made through the office of Shannon & Luchs. The house is one of sixteen recently completed by Middaugh & Shannon, all of which have been sold.

Transfers Property.
William A. Means today transferred to Charles W. McCutchen the large residence property at the northeast corner of Connecticut and Rhode Island avenues. The sale for about \$15,000 to Mr. Means was recently reported.

Appoints Committees.
A. Leftwich Sinclair, chairman of the law and legislation committee of the Chamber of Commerce, today appointed a subcommittee to consider the question of true considerations in deed of transfer of real estate in the District. The Chamber referred the matter to the committee at the last meeting.

The subcommittee which will consider the question is composed of L. P. Harlow, chairman; Fred G. Golden, Levi Cooke, Henry H. Glasie, E. G. Gummel, Thomas H. Melton, E. M. Herd, R. L. Montague, C. Barnwell Robinson, George W. Stuart and Alexander J. Schwartz. A time of meeting of the subcommittee will be announced later. Mr. Sinclair also appointed Conrad H. Syme, Walter C. Balderston, Walter B. Guy, William E. Ambrose, P. J. Ryan, William Meyer Lewin, and George Francis Williams a subcommittee to consider a House bill proposing to authorize the Commissioners to open, extend, and widen streets whenever in their judgment the public interest requires. Attorney Ridout brought the matter to the attention of the chamber, protesting against the bill, because, he said, "it is intended to confer upon the Commissioners unlimited power, of their own motion, to extend streets, without any previous hearing as to necessity, the alleged benefits to be assessed on the owners of property under the bill would never know of their liability to assessment until after the time to object had expired."

John Meigs to Begin His New Duties Soon

John Meigs, of Washington, who recently received the appointment as assistant director in the department of wharves, docks, and ferries in Philadelphia, shortly will begin his new duties. Mr. Meigs is a former member of the United States Engineer's office, and was a student at Columbia University, afterward studying engineering at George Washington University. Later he was appointed principal assistant engineer at Baltimore, and then was ordered to Philadelphia, where he held a similar position.

Mrs. Margaret Horan Is Dead After Long Illness

Mrs. Margaret Horan, wife of James J. Horan, died at her home, 102 M street southeast, yesterday, at the age of fifty-six years, after an illness of about a year. She was a native of Washington, and had resided here throughout her life. Besides her husband, Mrs. Horan is survived by three sons.

Bride of Army Officer.
PHILADELPHIA, Feb. 18.—The Bellevue-Stratford, in this city, was the scene of a brilliant wedding of interest to military and social circles, today, when Miss Judith Reynolds, daughter of Lieut. Gov. John M. Reynolds, of Pennsylvania, became the bride of Capt. George E. Goddard, U. S. A., one of the most popular officers of the Thirtieth Infantry, now stationed at the Presidio. After a wedding trip of several weeks the young married couple will make its home at the Presidio.

GOVERNOR JOHNSON SAYS ROOSEVELT IS CHOICE OF WEST

Taft's Nomination Would Be
Political Suicide, Declares
California Executive.

(Continued from First Page.)

the people because of their right to choose the man they believe best qualified to represent them.

Roosevelt the Man.
"The admiration of California progressives for Senator La Follette is undiminished, and they recognize his splendid services and great sacrifice for the cause. In California, however, with the cause ever the determining factor, it is obvious that progressive policies can best be accomplished at present through the leadership of Theodore Roosevelt. Mr. Roosevelt is recognized throughout the West as the greatest teacher our country has had. He has not only our respect and admiration, but our affections, as well."

"He it was, we believe, who aroused the public conscience and, by his courage and firmness for the right, made possible our victory and the redemption of our State government from the Southern Pacific machine. To him the West has ever looked as the exponent of equal opportunity for all and as the champion of popular rule. "Today there is not a hamlet or city in this country where, upon a ballot legitimately taken, the people would not by a 10 to 1 preference vote elect him as their representative. What a travesty upon a boasted government of the people that with this overwhelming sentiment there would be for one instant doubt of the result?"

Party Is Wrecked.
"Four years ago Mr. Roosevelt turned over to his successor a Republican party at high tide of success and entrenched in the confidence of all. Today, with the record of the past three years, the Republican party is at its ebb, with confidence in it sadly shaken. With but rare exceptions it is only where progressivism has been victorious that State governments are yet Republican, and to continue with the leader whose three years have wrought such disaster can mean only political suicide."

"Clear out, therefore, is the situation; shall the people rule and shall Roosevelt, their choice, be nominated, or shall the Republican party, in defeat by the nomination of one whose trustees have wrecked the party. "We of the West are in this national struggle for the preservation of the progressive policies he represents."

Lid on in Newport, Germans Hard Hit

NEWPORT, R. I., Feb. 18.—As a result of the "Turkey trot," "Bunny hug," "Grizzly Bear," with other objectionable features, which characterized the masked ball of the "Ladies' Auxiliary of Newport," in Masonic Hall last Wednesday, Police Chief James Crowley has stopped several other dances and has ordered that no intoxicating liquor be sold at any dance held in a public dance hall hereafter.

London Coal Prices Jump Dollar a Ton

LONDON, Feb. 18.—In view of the approaching miners' strike, the price of coal was raised \$1 per ton today. Hotels and factories are buying up fuel in such large quantities that a further rise in price is expected soon.

The conciliation board resumed its efforts to bring about peace today, but it was said that the members had little hope of success.

Aviators in Georgia Will Return April 1

It is announced by Brig. Gen. James Allen, chief officer of the Signal Corps, War Department, that the army aviators, now in winter headquarters at Augusta, Ga., will return to College Park, Md., about April 1. This is two weeks earlier than at first planned.

The early return means that a general invitation is to be extended to members of Congress to take rides with the fliers at College Park. It is believed that a warm interest can be aroused among the lawmakers by getting as many of them as possible to take flights with the officers.

The Wright Bros. and the Burgess-Wright Company have been urged to have the five new machines ordered from them last week delivered at College Park by May 1.

**Tobacco Sweepings
Not Waste, Is Ruling**
Sweepings of tobacco from warehouse floors are not "waste" even if suitable for manufacture into cheap cigarettes. It was decided today by the Supreme Court in a test case brought by George S. Latimer, of New York, in Porto Rico. The decision imposes higher rates of duty upon such tobacco. The Porto Rico courts placed the higher tariff rate against the Government, Latimer appealing.

While in Chicago the President will be the guest of the Armour Institute of Technology, the Union League Club, the Press Club, the Swedish-American Republican Society, and the Traffic Club. It is not yet known before which of these organizations the principal speech will be made.

The White House also announced today that the President would go to New York on March 2 to be the guest of Col. George Harvey at the dinner to be given in celebration of the seventy-fifth birthday of William Dean Howells. The speech the President will make at this dinner will not, however, be political.

It is not alone the convenience, or the freshness, or the crispness, or the unusual food-value, or the digestibility, or the cleanliness, or the price, that has made Uneda Biscuit the National Soda Cracker.

It is the remarkable combination of all of these things.

If everyone, everywhere, knew how good they are, everyone, everywhere, would eat them—every day.

Sold by grocers in every city and town. Bought by people of all classes.

STRENUOUS "HIKE" TAKEN BY SCOUTS OF EMERY SCHOOL

Trip Leads Boys Over
Rough Course and Across
the Potomac.

The Boy Scouts of Emery School went on a hike last Saturday that stands as a record for difficulty in the short annals of Boy Scouts in Washington. Despite the fact that the trip was confined to the immediate neighborhood of the Potomac, it was replete with excitement and minor dangers. The troop at this school, numbering seventy boys, is most enthusiastic.

This troop consists, on paper, of two troops, but they are merged ordinarily. It is without a scoutmaster at the present time, having gone to Ohio University. Assistant Scout Commissioner Emory is in charge at present.

The trip Saturday, which led the boys over a rough course, down bluffs, and across the Potomac, will be detailed in a sketch which one of the members of the company will write shortly. Applications for enrollment in the Boy Scouts are coming into headquarters rapidly. Three or four more scoutmasters could be employed, but suitable material is rare. A scoutmaster must not only have the knack of dealing with boys, but he also must be able to devote considerable time to the patrol.

Coat With \$85 Stolen.

The theft of an overcoat in the pocket of which was a wallet containing \$5 has been reported to the police of the First precinct by J. W. Martin, of 8 N street southeast. The overcoat was stolen last night from a club in D street, near Tenth street northwest.

Defective Gas Mains Worry Wilmington

WILMINGTON, Del., Feb. 18.—Many leaks in the gas mains in the streets have been a source of much concern to the people of this city. Several narrow escapes from asphyxiation have occurred and some serious damage has been done, the entire side of a house having been blown out by an explosion of escaping gas which had collected in the basement.

Three victims are now in the hospitals. They are Nathaniel Moore, ages sixty-three, and Lee Meredith and J. W. Lilley, the last two employees of the Wilmington and Philadelphia Traction Company. All will recover. The gas leaks are thought to be due to the present thaw after the severe cold spell, which had Wilmington in its grip for several weeks.

Holiday Mail Service.

The Washington Postoffice announces that mail service on Washington's Birthday will include a general delivery by carriers leaving the main office and the substations at 7:30 a. m. and the delivery of mail to clerks in the executive departments from 9 to 10:30 a. m. The registry division will be open from 10 to 11 a. m., but the money-order and cashier's division will be closed for the entire day.

Philadelphia Refuses To Pay for Fire Boat

WILMINGTON, Del., Feb. 18.—The Pusey & Jones Co., of this city, builders of the police and fireboat, John E. Reyburn, is having troubles of its own over the refusal of Director of Public Safety Porter, of Philadelphia, to make final payment of \$5,650 for the vessel being \$5,500.

The vessel is a fine looking craft, but it is claimed she will not steam. Some time ago James Reed, Jr., a naval constructor, with rank of lieutenant on leave from Navy Department, and who is assistant director of public works of Philadelphia, inspected the craft, and he made a confidential report to his chief with the result that the final payment was withheld.

Home State for Clark.

JOPLIN, Mo., Feb. 18.—Many delegates and visitors are arriving in this city for tomorrow's Democratic State convention, which will be the first of the State conventions to select delegates to the national convention at Baltimore. The general expectation is that Speaker Champ Clark will be unanimously endorsed by the convention for the Presidential nomination.

BEAUTIFUL, LUSTROUS, HEAVY HAIR AND NO DANDRUFF OR ITCHY SCALP

Get a 25 cent bottle of Danderine and just try this—Stops falling hair at once.

Thin, brittle, colorless, and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast.

A little Danderine tonight—now—anytime—will surely save your hair. Ten minutes after applying all the dandruff

will disappear, all itching will cease and there will be no more falling hair. Millions of men and women use Knowlton's Danderine and they never have dandruff, itchy scalp or falling hair—they know that it keeps the scalp clean and healthy and makes the hair grow heavy, long and beautiful.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application you will say it was the best investment you ever made. Your hair will immediately take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks' use when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.
